Kushiro River Canoe Tour Midoribashi Course

Kushiro River is the only river that flows from Lake Kussharo, Japan's largest caldera lake. Its headwaters are a hotspot for canoeing. If you advance slowly through the stillness, you might even hear the movements of forest animals!

Ainu culture continues to thrive around Akan Mashu National Park. This is a museum that explains the relationship between nature and the lives of Ainu people that has been passed down through the generations to the present day. You can experience traditional Ainu embroidery, wear Ainu clothing, and even take souvenir photos with the magnificent Lake Kussharo as your backdrop.
