Travel is enjoyed.

There are 6 hiking routes to choose from for absolute beginners as well as seasoned hikers classified according to the time each takes and fitness level required. From the vast meadows that spread out from the mountain top you can enjoy a 360-degree panoramic view of the Sea of Japan and the mountains of the Chugoku region!

Chosen as one of the "Top 100 Natural Sceneries of Japan" and famed for its striking landscape notable for its rare rock formations and cliffs! Izumo Hinomisaki Lighthouse is also the highest stone masonry lighthouse in Japan at 43.65 meters tall.
