Rail pass for foreign visitors will be more convenient

A tough situation has been continuing that foreign visitors for the purpose of sightseeing cannot enter Japan due to immigration restrictions. As a preparation for the time after COVID-19, JR Hokkaido will start promoting new services and products for foreign visitors. Rail pass users will be able to use an automatic ticket gate and issue reserved seat tickets by ticket vending machine. Also, there will be new rail passes on sale. In addition, an e-ticket Exchange Order will be available for purchase through the website of travel agents overseas to improve passengers' convenience.

1. New service for smooth operation

(1) Automatic ticket gate available for use

Rail pass users have gone through a manned ticket gate for ticket inspection. From now on, automatic ticket gates will be available for use.

(2) Seat reservation service by reserved seat ticket vending machine

Rail pass users have received reserved seat tickets at the JR Ticket Counter (Midori-no-madoguchi). From now on, seat reservation will also be available with the "reserved seat ticket vending machine" in addition to the JR Ticket Counter.

<Stations with the reserved seat ticket vending machine> As of February 10, 2021

*The sales of Hokkaido Rail Pass 3-day and flexible 4-day will end on March 31, 2021.

*The rail passes are available for purchase only if a person has a passport issued by the government other than Japan and enters Japan under the entry status of “Temporary Visitor” for the purpose of sightseeing.

3. The sales of an e-ticket Exchange Order for rail pass

We start the sales of an e-ticket Exchange Order (QR Code) for rail pass. It will make the purchase more convenient.

(1) Applicable rail pass

“Hokkaido Rail Pass”, “Sapporo-Noboribetsu Area Pass”, “Sapporo-Furano Area Pass”

(2) Sales period

From April 1, 2021 *The starting date of the sales period differs depending on the travel agents.

(3) Sales place

Travel agents overseas (KKday, KLOOK, myrealtrip, Traveloka etc.)

*Scheduled to increase agents in the future

(4) How to purchase

Please purchase an e-ticket Exchange Order on the website of the sales place above.

A rail pass will be issued by showing the e-ticket Exchange Order (QR Code) at the designated exchange counter of JR Hokkaido.

*An e-ticket Exchange Order is issued by using the system of JTRweb Limited.

*For details about the validity of the rail pass, please see the JR Hokkaido website. (Available from April 1, 2021)

*For details on how to purchase an Exchange Order, please see the website of each travel agent.

(Reference) What is JTRweb Limited?

It is a platform for web reservation that handles travel-related products inside of Japan. They do business with about 3,000 travel agents in the world and online travel agents. JR Hokkaido will be able to sell an e-ticket Exchange Order for rail pass to customers in the world by collaborating with JTRweb Limited.
