We will introduce you to the beautiful nature in Okunikko.
Listening birds chirping, take a deep breath in forest...They will give you a comfortable time.

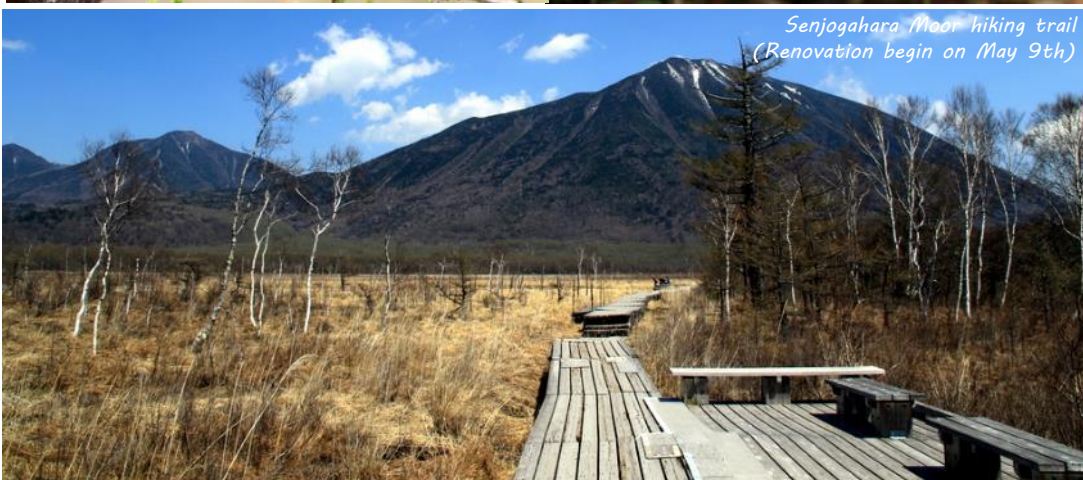

Shrike and budding larch

Anemone debilis (Hime-ichige) at Senjogahara

Kaempfer azalea (Yamatsutsuji)

*Senjogahara Moor hiking trail
(Renovation begin on May 9th)*

*Fishing at Lake Yunoko /The fishing ban has been lifted
(until September 30)*

● Flowers

◆ Kaempfer azalea (Yamatsutsuji)

Due to the warm weather over the past few days, the flowering of plants and trees has been progressing rapidly. The Kaempfer azalea at Tsutsujigaoka in Kirifuri area and the Oyamazakura cherry trees at Senjugahama Beach in Okunikko are also at their best.

● Information

◆ Renovation of the Senjogahara Moor hiking trail

Renovation of the Senjogahara Moor hiking trail will begin on May 9th. Entry to the construction section is not allowed. It is possible to hike on the rest of the hiking trail, but please note that passing through between Yudaki Falls and Akanuma Pond from north to south will not be allowed during the construction period.

The construction period is scheduled from May 9th to September 30th.
