The latest regulatory information can be confirmed from the below URL or QR code on the right.

In the event, the operation of a drone or other aircraft becomes inevitable, procedures must be taken, including preliminary consent and the filing of a report (notification).

Flying of a drone or other aircraft in prohibited areas without filing a report (notification) shall be punished by penalty.

Please consult with the relevant jurisdictional police station regarding the filing of a report (notification) to operate a drone or other aircraft.

Please report to the police if you get any suspicious flight or purchasers' information about drones, etc.
