

# Delivery slips can no longer be used to show your eligibility for tax-free

From April 1st, 2025, you will not be eligible for tax-free shopping if you send your tax-free items back home on your own via international parcels. You will have to present the tax-free items at customs during customs examination if requested.

\*Thus, delivery slips can't be used to prove that you have sent your tax-free items back home and thus you are eligible for tax-free.

\*You are eligible if the retailer directly sends the tax-free items back home.

\*Note: the information of this brochure is based on "FY2025 Tax Reform Proposals"

Note 1: Applied to tax free items purchased after April 1st, 2025. Items purchased before April 1st, 2025 can still be sent after April 1st, 2025.

Note 2: You will be eligible if the retailer directly sends the tax-free items. Not all retailers can deal with the tax-free procedure. Please ask their availability if necessary.

Note 3: Applied to all who are eligible for consumption tax exemption (including Japanese people who have continuously lived abroad for more than two years)
