Community Keisei to Launch a Baggage Delivery Service

from the Keisei-Ueno Station Baggage Service to Narita Airport

on Friday, January 16, 2026

Community Keisei Co., Ltd. (Head Office: Yachiyo City, Chiba Prefecture / President: Taira Toshihisa), a company in the Keisei Group, will launch a Baggage Delivery Service on Friday, January 16, 2026. This service will involve us delivering baggage dropped off by customers during the morning at the baggage counter inside Keisei-Ueno Station to Narita Airport. Customers will then be able to pick up their baggage at Narita Airport in the evening.

This counter offers a Baggage Storage Service that is used by overseas visitors to Japan and many other customers. In particular, many customers drop off their baggage at the counter in the morning and then sightsee in the Ueno area before heading to Narita Airport by train in the afternoon. We will aim to promote baggage-free sightseeing to further improve convenience by launching this service. This service will also help to reduce congestion at Keisei Line stations and in trains to contribute to providing comfortable railway services to all customers.

We give the details of this service on the next page.
