

# New "Chopstick Making Workshop" Opens in Ginza, Tokyo — Now Accepting Group Reservations

Experience "Japanese Craftsmanship" in the heart of Ginza. "Chopsticks Studio Ginza" offers a new inbound tourism experience for up to 30 people, including private rentals.

**Local Guide Stars** (operated by Contents Like LLC), a provider of guided tours for international visitors, is proud to announce the grand opening of **Chopsticks Studio Ginza** on **Tuesday, January 13, 2026**. This facility is specifically designed to accommodate groups, strengthening its support for travel agencies and MICE (Meetings, Incentives, Conferences, and Exhibitions) travelers.

Located in the highly accessible Ginza district, this workshop allows visitors to dive deep into the traditional Japanese craft of chopstick making. Using authentic tools and techniques, guests shape and smooth wood by hand, reliving the experience of a traditional artisan. The finished chopsticks are yours to take home as a personal souvenir.

Beyond simple sightseeing, this program offers "active learning" and "tangible memories." It is an ideal fit for international educational travel, school trips, and corporate team-building workshops.

# 5 Reasons Why "Chopsticks Studio Ginza" is Perfect for Groups

## 1. Ginza Location: Optimize "Gap Time" with a 1-Hour Session

Situated in the center of Ginza, the workshop can be easily integrated into a busy schedule—before or after shopping, dining, or hotel check-ins.

## 2. Flexible Schedule: 10 Sessions Daily

With hourly sessions from 9:00 AM to 6:00 PM, the program fits perfectly into tight group itineraries. It also serves as an excellent "rainy day" backup or last-minute schedule adjustment.

## 3. High Satisfaction with Personalized Traditional Crafts

Under the guidance of local, English-speaking staff, guests craft their own chopsticks from high-quality wood. We offer gift wrapping, turning the product into a one-of-a-kind, practical souvenir that can be used immediately during their stay or for years to come back home.

## 4. Capacity for Up to 30 People: No Need to Split the Group

Large groups, such as educational tours or corporate incentive trips, can participate in the authentic workshop simultaneously without being divided.

## 5. Deep "Cultural Insights" in English

This is more than just a craft project. We provide in-depth English explanations of the history of chopsticks, types of wood, and the Japanese spirit of *Omotenashi* (hospitality), satisfying the intellectual curiosity of global guests.

## Program Details

- **Tools & Materials:** Choice of over 10 types of wood. (Premium wood and personalized engraving available for an additional fee.)
- **Instruction:** Available in English and Japanese.
- **Price:** 3,000 JPY (tax included) per person.

- *Note: Adult pricing applies to all participants.*

## Facility Overview

- **Name:** Chopsticks Studio Ginza
- **Location:** 2F Kusumoto No. 17 Building, 1-14-12 Ginza, Chuo-ku, Tokyo
- **Max Capacity:** 30 people
- **Language Support:** English, Chinese, Japanese

## Information for Travel & Tourism Professionals

- Programs can be fine-tuned to suit your target audience (VIPs, educational groups, MICE, etc.).
- Special rates are available for travel agencies.
- Private facility rentals are available.
- On-site inspections (site visits) for planners are welcome at any time.

### ■ Recommended Use Cases

- **Educational Travel & Study Tours:** As an extracurricular activity to deepen understanding of Japanese culture.
- **Small to Multi-Generational Family Trips:** An activity that guests of all ages, from children to seniors, can enjoy together.
- **Culture-Focused Tour Planning:** For itineraries seeking high-value, hands-on experiences.

### Customizable "Full-Day Cultural Programs"

By combining this with other cultural programs offered by Contents Like LLC (such as Sumo shows, Calligraphy, or Tea Ceremony), we can create a comprehensive "Cultural Discovery Day" tailored to your group's size and goals.
