

# Launch of Osaka Dotonbori Walking Tour with River Cruise

Bridging the Nighttime Activity Gap: A 2-Hour Immersive Experience of Osaka's Food, History, and Night Views

Japanl Guide Stars (operated by Contents Like LLC), a provider of guided tours for international visitors to Japan, has officially launched its newest offering: the "Osaka Walking Tour with Dotonbori River Cruise." With this launch, the company has also enhanced its capacity to welcome travel agencies and MICE (Meetings, Incentives, Conferences, and Exhibitions) groups.

Set in Osaka's vibrant Namba and Dotonbori areas—historically known as "The Nation's Kitchen"—this tour allows participants to savor local street food while diving deep into the cultural roots and history of the city.

Moving beyond standard sightseeing, this tour offers a highly efficient "food and history learning experience," making it ideal for international tourists looking to maximize limited stay time, as well as tour operators seeking high-satisfaction itineraries. The tour concludes with the "Tombori River Cruise"—a must-do activity in Osaka—ensuring an unforgettable night.

## Three Key Features of the Tour

### 1. A Premium Nighttime Activity Packed into a 2-Hour Itinerary

To address the lack of evening experiential content in the inbound tourism market, this tour condenses walking, photo opportunities, street food, and a river cruise into a concise 2-hour window. It can be effortlessly integrated into the open slots of broader Kansai region itineraries.

### 2. Group Accommodations for Up to 20 Participants

The tour seamlessly accommodates larger groups, including inbound educational travel and corporate incentive trips. It also eliminates the hassle of securing Dotonbori River Cruise tickets, handling all logistics on behalf of the group.

### 3. Deep Cultural Insights Delivered in Fluent English by Experienced Guides

Accompanied by knowledgeable local English-speaking guides, guests will receive more than just a walkthrough of landmarks. The guides offer engaging, easy-to-understand insights into Osaka's unique culinary culture and Japanese nightlife.
