

New Chopstick-Making Workshop Accommodates Groups up to 44 in Shibuya

A prime location just 5 minutes from Shibuya Station. "Chopsticks Studio Shibuya" launches a new inbound experience featuring privatized bookings and group capacity of up to 44 participants.

TOKYO, August 1, 2026 — Japan Guide Star, an inbound tour operator managed by Contents Like LLC, is pleased to announce the official opening of "Chopsticks Studio Shibuya" on Saturday, August 1, 2026. Located in Shibuya, Tokyo, this specialized workshop space has strengthened its group acceptance framework specifically tailored for travel agencies and MICE organizers.

Situated just a 5-minute walk from Shibuya Station, this program offers an accessible and immersive workshop where participants can dive into traditional Japanese chopstick crafting. It serves as an engaging cultural experience that goes far beyond traditional sightseeing—ideal for school trips, corporate training, and group travel.

Background and Purpose

In recent years, inbound group travel and MICE demands have shifted from passive sightseeing to active hands-on experiences. Educational and corporate trips increasingly require activities that promote deeper understanding, such as inquiry-based learning and practical insights into sustainability (SDGs).

At Chopsticks Studio Shibuya, participants create their own chopsticks—a tool central to daily life in Japan—while deepening their appreciation for Japanese culture and craftsmanship. Beyond the physical craft, the workshop explores the cultural connection between the Japanese people and their tableware, as well as the underlying philosophy of craftsmanship (*monozukuri*).

To extend these sustainable crafting principles and cultural insights to a broader audience, Chopsticks Studio Shibuya has established dedicated operational support for large groups, including educational tours, corporate retreats, and MICE events.

5 Reasons Why "Chopsticks Studio Shibuya" is Ideal for Group Bookings

1. **Prime Shibuya Location (Maximize 1-Hour Windows):** Located a 5-minute walk from Shibuya Station near the iconic Scramble Crossing, making it easy to integrate into free windows before or after dining, sightseeing, or traveling to other areas.
2. **Flexible Schedule (10 Sessions Daily):** With hourly sessions running from 9:00 AM to 6:00 PM, the schedule seamlessly fits tight group itineraries and acts as a reliable backup plan for wet weather or sudden changes.
3. **A Personalized Traditional Souvenir:** Guided by bilingual staff (English/Japanese), participants craft custom chopsticks from high-quality timber. Complete with wrapping, it serves as a practical, personalized souvenir for immediate use during their trip or long after returning home.
4. **Capacity for 44 Participants at Once:** Accommodates large groups—such as educational tours or corporate incentive trips—simultaneously without dividing the party.
5. **Deep Cultural Insights in English:** Goes beyond basic craftwork by offering rich English explanations on the history of chopsticks, wood varieties, and the Japanese spirit of hospitality (*omotenashi*).

Pricing

- **Standard Fee:** ¥2,800 per person (tax included)
- **Premium Wood Option:** ¥2,000 – ¥6,000
- **Engraving Service:** ¥1,000 –
